What do **Mary Spears** & **Timothy Allan Shafto** have in common—besides a profound love of this incredible place we call home?

**Innovative techniques.**

**Mixed materials.**

**And a quest for mastery.**

Take a close look at Mary's innovative collages using hand-painted papers, which she then tears up to create images of our tropical paradise.

Appreciate the exceptional beauty of Hawaiian koa wood, sanded to perfection in original works of art by Timothy Allan Shafto.
